A budget table is NOT a booth. All products must fit on ONE 6 ft table. No banners or freestanding enclosures.

West Coast Captive Breeders is the primary sponsor of the Portland Reptile Show and Sale. Marketing for this show will offer an opportunity for the general public to view and EXPERIENCE reptiles up close. Displays including animals NOT FOR SALE will be approved through Paul Schnoor. Displays may be chaperoned by owner, or left for public viewing only. All displayed species MUST be labeled with their common and scientific name, and enclosure must indicate that animal is NOT FOR SALE.

All animals intended for display OR sale must pass health inspection provided by staff members of West Coast Captive Breeders prior to the show. Additional health assessments may be required during operating hours of event. Animals that do not pass a health inspection will be removed from the show.

Overnight armed security is provided at the facility.

West Coast Captive Breeders reserves the right to refuse an application for the event for any reason. Approved applicants will receive additional registration information and requirements in the mail.
